Principal's Message

Another year in your life is history. Have you made your mark? Did you accomplish all you could? Are there regrets in your mind, a few "I wished I would have's"? I'm sure in some respects you will answer these questions with a yes and no. School year 84-85 has been a good year. Today as you read these words and look at this book they are about yesterday. Tomorrow is the future but today is the first day of that future. **MAKE IT COUNT:**

Best wishes for all future endeavors and happy memories.

Sincerely,
Robert Duncan
High School Principal

Juniors

The juniors started an action-packed year with a very successful magazine sale. As Football Homecoming approached we chose Trisha White and Kenton Lee as our representatives. During the course of the year we planned a Jr.-Sr. Prom and Banquet. It was held in Hudson with the theme, "A Night in Heaven." As Basketball Homecoming turned the corner, we chose RaLena Milligan and Phil Carpenter as our representatives. We pulled out a second place spirit award for Homecoming Week. As the year comes to close, we look forward to the title of Seniors!

Sophomores

Our Sophomore year started off with a successful candy sale. For Football Homecoming we received second place for our Smurf Berry Crunch float. Our representatives were Rachelle Williams and Chad Culbert. We placed third with our Basketball Homecoming float, but had fun working on it. Our representatives were Chris Frederick and Allen Barr. To end the year we held the Sadie Hawkins Dance. Our goal in two years is Florida!

Our year started slowly but picked up as it went. We had good representatives for homecomings who were involved and had a lot of spirit. They were Shawn Marx and Billy Peiffer for football and Lori Lee and Lee Camp for basketball. Later in the year we had a dance which helped our money situation considerably. Thanks to our advisors, parents, and a lot of input, our year was a smash!

Graduation 1985

May 19

Mari Harada—Exchange Student

Since coming to this country, my days have passed with sadness, loneliness, happiness, puzzlement, astonishment.

In this new environment, different language, and ways of thinking, I was lost many times and even disappointed in my being lost. But I'll never forget the things that I learned from these new experiences . . . because I learned about myself and my country. If I stayed in my country, Japan, it might be happier . . . but if I didn't, I'd never have found out those things.

American educational system doesn't matter even for Japanese! I learned the importance of "respecting individual character" which is really important in educational posture. I learned a lot not only from books but also from teachers. The biggest thing that I learned is: All people are human beings and red blood flows through everyone's veins. Our skin and eyes are different . . . but we both have the same senses. We know a flower smells sweet through our sense of smell . . . we hear each other talk; and the words from our mouths make us feel good about each other. We can look at each other and see not only the outer beauty of our features, but also the inner beauty of our feelings and our being.

And last, my best regards to the members of the Weber family. They took me into their family and shared their friendships. How can I ever forget these kind people!

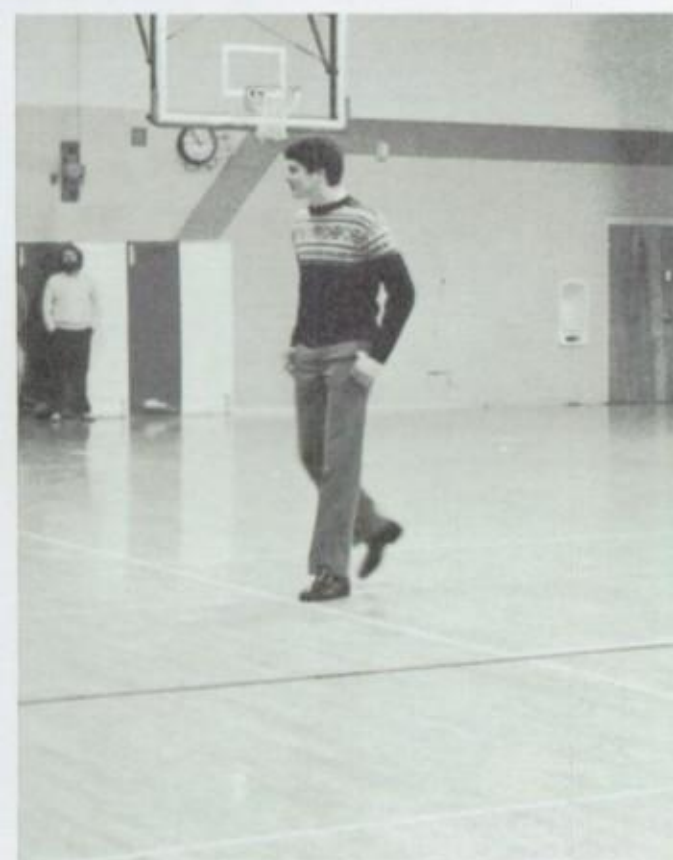

I'm not afraid to go to another country any more. There's a whole new world out there!!!
